GRUNWALD-SEALMAT S1A with open cup drawer

# SEALMAT S1A

## ... compact and flexible!

**GRUNWALD-SEALMAT S1A** is a solid sealing machine for laboratory applications and small series with different cup formats.

**GRUNWALD-SEALMAT S1A** is suitable for sealing cups made of

- plastic
- laminated paper
- aluminium

All sealing parameters, that means sealing pressure, sealing temperature and sealing time are easily adjustable on the front of the machine and can be individually adjusted to the corresponding cup format.

The sealing process is automatically actuated by closing the cup format slide.

The manual sealing machine **GRUNWALD-SEALMAT S1A** is

- easy to handle
- practical
- compact
- robust
- versatile
- very quickly adjustable to another cup format.

Technical data:

Electric supply: 220 V, 50 Hz, approx. 1,000 Watt

Compressed air: 6 bar, 50 l/min.

Dimensions: W: 425 mm  
H: 530 mm  
D: 240 mm

Suitable for handling the following cup sizes:

- round cups up to a maximum  $\varnothing$  of 150 mm, maximum height 125 mm
- rectangular / oval-shaped cups with maximum dimensions of 150 x 150 mm, maximum height 125 mm
